Fair Guide 2022

Elmia

Elmia is the perfect place to hold your meeting, conference, congress, event, trade show or product launch.

We aim to ensure that you and your colleagues come together in the right setting. We have everything from large exhibition halls for hundreds of exhibitors, to conference rooms and party venues of various sizes. You decide how you want it! Whether there are five or five hundred of you, wanting fresh-baked pastries or a dazzling stage show, we have something for you.

As a meeting place, Elmia enjoys a powerful position – at the heart of a region where people and companies either have or are looking for new ideas, products and services.

Elmia is the ideal place for your company to exhibit.

We are happy to help you design your stand. We are experts at creating an environment that effectively communicates your message. This improves your potential to attract the right visitors to your stand.

Competition at the fair is tough, so make sure that visitors know you are here. If you want to stand out from the crowd, you can purchase advertising space at Elmia. Check out our product offerings listed under our “Stand out during the fair” concept.

**The ideal meeting place if you're looking
for new ideas, products and services.**

Exhibit.

When you have booked your stand space we are very willing to help you design your stand. We are experts at creating an environment that effectively communicates your message. This improves your potential to attract the right visitors to your stand.

Competition at the fair is tough, so make sure that visitors know you are here. With the right stand, a trade fair is one of the most powerful, cost-effective sales tools there is. We can help you create an environment that effectively gets your message across and improves your ability to attract the right visitors to your stand.

When we design your stand we analyse your purpose in exhibiting at the fair and how you want to profile your company. We then create a stand proposal in 3D and send you a complete quote. Once you've approved your stand proposal, we take care of the rest!

A lot of energy and preparation go into attending a trade show. We offer creative, effective solutions for everything from furnishing and communicating your message at the stand, to stand design and complete stand packages.

We help you ensure success at the show, leaving you to focus on your own preparations.

Application forms, terms & conditions

Click on the links below to find what you're looking for.

- Lift hire
- High construction
- Change of construction time
- Flammables and explosives
- Hot work
- Technical regulations
- General Terms & Conditions
- Drones
- Our terms & conditions for ordering

Stand sketch.

Save a stand sketch and add walls, lighting, wires and monitors, and email it to expo@elmia.se.

**From idea
to reality**

The stand design is crucial to your results from the fair

We tailor to your requirements. Looking for that little bit extra that really catches the eye? How about a more personal touch for your stand?

Our stand designers are experts at creating unique solutions adapted to your particular presence at the fair. Many different aspects need to fall into place when designing a stand, from following your company profile, to lighting and creating the right customer flow.

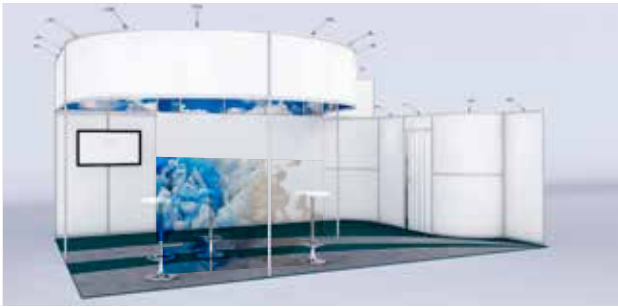

Our broad experience of stand design helps you create the right conditions for a successful fair. Our stand designers use modern 3D software which enable you to view your stand before we build it.

All so that you can rest assured and focus on the most important part of the fair – your visitors.

Sound interesting?

Contact us at **expo@elmia.se** and we'll help you optimise your fair participation.

Examples of different stand types

ALU stand system with curved sections and print

Carpentry stand, two floors

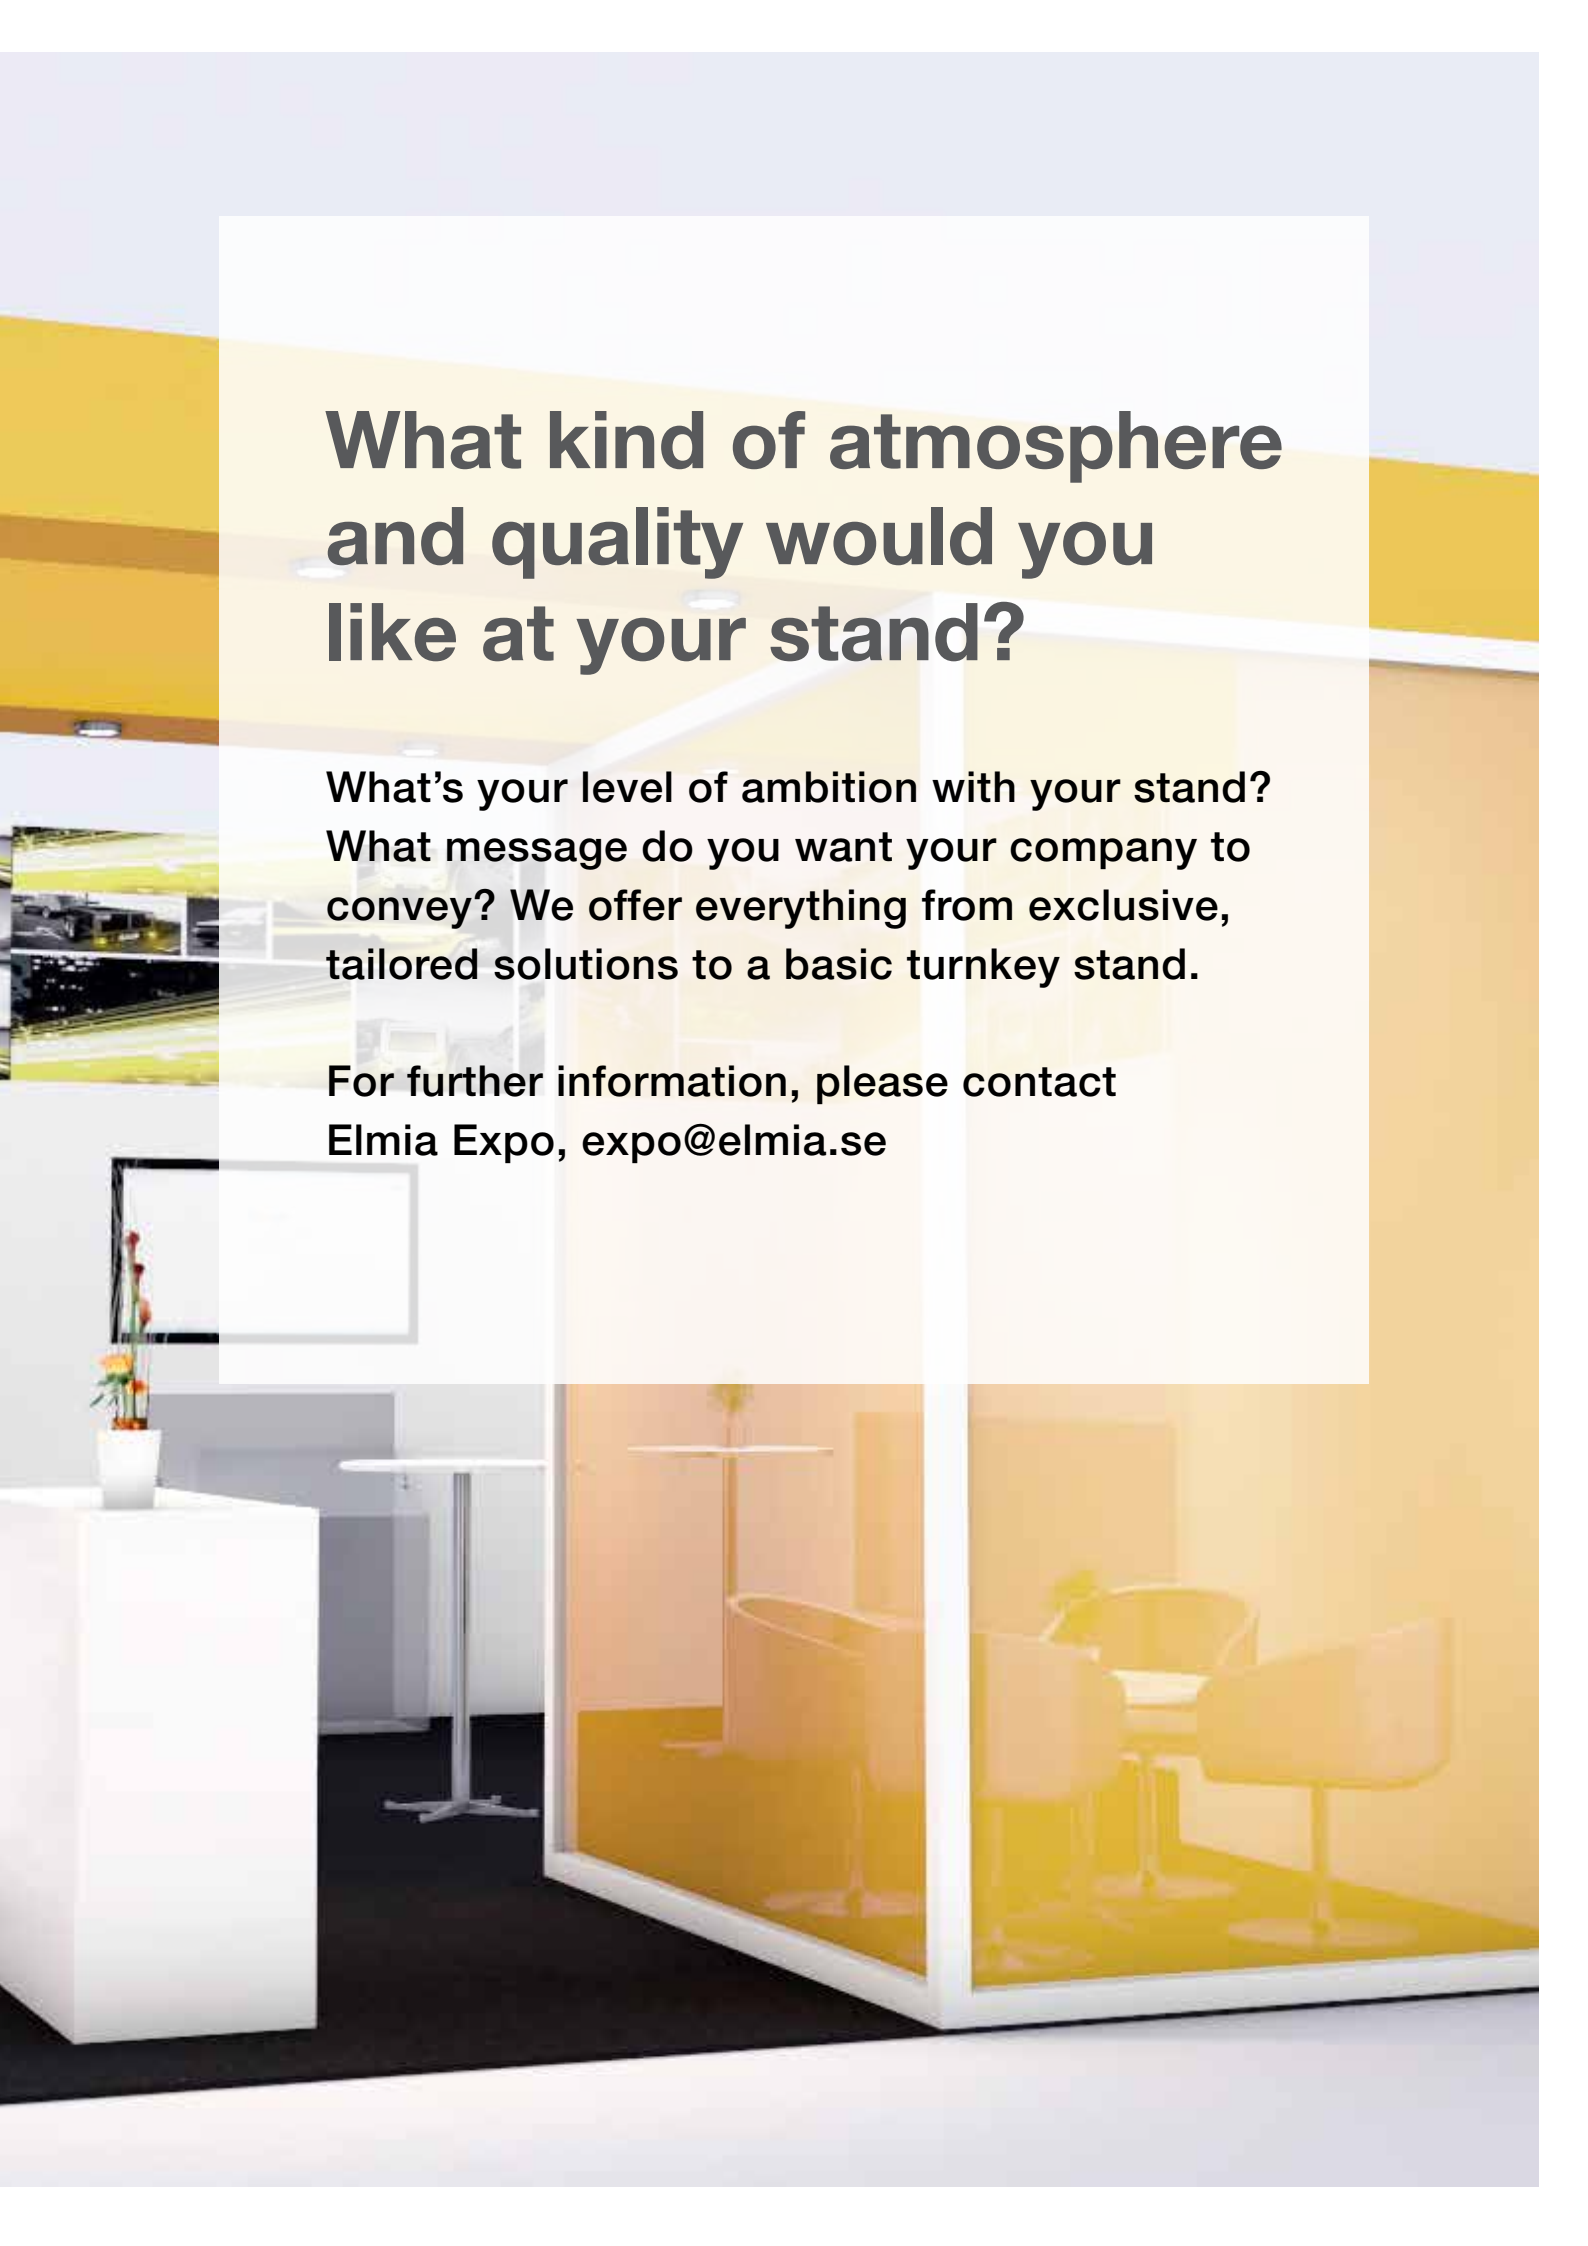

WOOD stand with painted walls and wallpaper

Carpentry stand with curved walls and built-in LED wall

The background of the entire page is a photograph of a modern exhibition stand. It features a white rectangular counter on the left with a small vase of orange flowers. To the right is a glass-walled booth with white frames and orange-tinted glass. Inside the booth, there are three white chairs and a small table. The ceiling has yellow and white panels with recessed lighting. The overall aesthetic is clean and professional.

What kind of atmosphere and quality would you like at your stand?

**What's your level of ambition with your stand?
What message do you want your company to convey? We offer everything from exclusive, tailored solutions to a basic turnkey stand.**

**For further information, please contact
Elmia Expo, expo@elmia.se**

Environmental
Choice!

Construction systems.

ALUMINIUM

ALU is a highly flexible stand system, which we build from modules comprising wall panels and aluminium profiles.

We have a wide range of different widths and shapes. The walls are available in our standard colours and in special shades.

For curved, diagonal or other colours of wall in the ALU system, please click here for contact with sales.

FASCIA WALL ALU 1 M
Price SEK 340
Art no. 10 947

WOOD

The **WOOD** stand system is our most basic system, based on 22 mm thick chipboards. Elmia uses the WOOD system as standard to build partition walls between stands. They come in white, but painting them makes a big difference. You can also order a top strip to conceal the metal fittings between the walls. Choose from one of our standard colours or order a special shade. If the

walls are painted, the price of restoration is included. The WOOD system is suitable for nailing or screwing small items. Any necessary restoration costs for damage, such as bracket removal, leftover tape, nail holes etc. will be charged according to the price list. Restoration of walls painted by the exhibitor will also be charged.

- Power point, 1-phase 230V
- Storage shelf
- Wastepaper basket
- Cleaning

**Structured, patterned or coloured
wallpaper makes your stand even more
distinctive. Or why not a photographic wall mural?**

Wallpaper and paint.

Wall for wallpaper

Do you want to further strengthen your profile or create a specific atmosphere in part of your stand? With a wall for wallpaper you can add a pattern, an image or a message. The only limit is your imagination. A wall for wallpaper includes the wall, printed/patterned wallpaper and labour. Contact expo@elmia.se for a quote for your specific requirements.

Price: Varies depending on material, design and surface area. Please compile a list of requirements and we'll be happy to give you a quote.

Carpentry wall

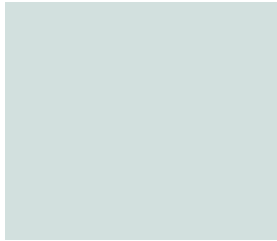

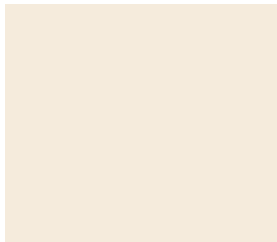

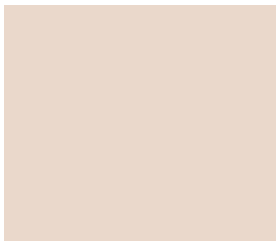

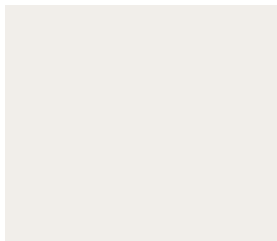

If you have higher demands on quality and finish, we recommend ordering a carpentry wall: a wall of bolted MDF panels and a neat edge strip between each panel. This can be built to your exact specifications and includes painting in any colour.

Bear in mind that if you would like more than the standard height of 2.5 metres, you will need to apply for high construction. An extra cost of SEK 5,000 will also be payable for the higher exposure.

Price: Varies depending on material, design and surface area. Please compile a list of requirements and we'll be happy to give you a quote.

The colours shown below are examples only. Walls are of course available in other shades. Just give us your NCS code and we'll sort it out.

 NCS S 1510-Y90R Soft satin	 NCS S 2050-Y80R Rust red	 NCS S S 5020-B30G Verdigris	 NCS S 1005-B50G Mint green
 NCS S 1050-Y10R Yellow	 NCS S 2000-N Grey	 NCS S 1050-R Salmon pink	 NCS S 0603-Y40R Beige
 NCS S 4010-G30Y Khaki	 NCS S 5040-R20B Purple	 NCS S 1005-Y60R Dark beige	 NCS S 0500-N Light grey

The background of the entire page is a photograph of a modern, white exhibition stand. It features a large, circular window that looks out onto a cityscape with various buildings and a hill in the distance. To the right of the window, there is a small white shelf with a potted plant and a gold-colored decorative object. The stand is set on a dark, textured carpet.

Do you need a raised floor?

**Do you want different floor levels in your stand?
Perhaps for a café section, or a small 'stage'?
Or perhaps you'd like the whole stand floor
raised above the fairground concourse?**

A raised floor gives your stand a feeling of higher quality and exclusivity. It's also practical, as you can conceal cables and plumbing beneath the floor.

Our raised floor prices exclude flooring/carpet.
Prices depend on the height and the area you want raising.
Please email your request to elmia@expo.se for a quote.

Carpets.

The carpet is one of the stand's most important elements, and is crucial for creating the right feeling and ambience. The price shown is per square metre, including laying of the carpet.

Get the seating right.

Creating inviting meeting-places for talking to customers is one of the keys to a successful trade show. And the seating is a vital component.

As an exhibitor, you convey a more enthusiastic, energetic impression if you stand at your stand. It is still a good idea to have some seats at the stand, somewhere you can sit down for a more in-depth discussion, or to enjoy a cup of coffee with your visitors.

The choice of seating furniture sets the tone of your stand. Upholstered furniture often conveys a more relaxed impression and invites guests to longer meetings. Modern chairs can convey an innovative feeling and profile your company as forward-thinking.

The price shown is for the whole exhibition period (unless otherwise stated).

Think about the details.

Once you've ordered flooring, walls and furniture, it's time to think about making your stand attractive, practical and welcoming.

What kind of shelves do you need? What about storage? Will you be offering refreshments? Once you know what you'll be doing at your stand, you can take care of the important fine details such as shelving, lighting, and of course a coffee machine.

Shelves.

Our shelves come in wood and aluminium, with the basic colour white. Shelves range from 100 to 190 cm in length, and they can be inclined.

BROCHURE STAND TOWER

Not everything is better in digital form. Brochures, magazines and catalogues have a natural place at a trade show. Sometimes it's simply easier to browse through an actual catalogue than searching online. With Tower you can display your printed matter clearly and attractively.

Storage.

Where will your stand personnel keep their coats and bags? Do you need to keep food and drink cold?

It's easy to forget the practicalities at a stand, but they're just as important as the overall design.

Plumbing, heating and compressed air.

Elmia uses standard-type quick coupling, CEJN 1600, for water and air connection. The same type is used for both air and water. Please prepare your equipment with the corresponding couplings to simplify the process. We can of course help with connection if required. Our drainage installation is an open vessel type with an automatic pump unit. Elmia pumps wastewater into a main tank in the roof of each exhibition hall. This means there are some limitations in the highest parts of our halls.

SOUND AT THE STAND

Brief talks or lectures are common at trade shows. Bear in mind that the fairground can be quite noisy, so you may need a PA system. If you need one for your stand, please contact us for a customised proposal.

SOUND

Green is good.

Flowers and greenery make a big difference at a stand. Our creative artists at Eva's floristry service can help you to decorate your stand according to your wishes and requirements. The plants will be delivered straight to your stand.

There's everything from fresh cut flowers to large green plants, and they can be hired or purchased if you'd like to keep them.

Which flowers are used depends on seasonal availability. Our expert florists will help you choose products that can withstand the conditions at your fair, during the relevant season.

Flowers and plants.

Large green plants

**Flowering
and green plants**

**Flowers for the
table or counter**

Our range varies by season. If you have any special requests, please contact expo@elmia.se or include your wishes in your order.

Flowers and plants can be crucial to the feel in your stand.

We have a wide range of flowers and green plants.

Large hanging in ceiling rig, with your choice of printed message.

Podiums with logo in printed foil.

LED screen on wall.

Through-printed thin fabric to add dimension to the space.

Cut-out foil on counter.

Graphic production.

How do you want to convey your company's message?

We can help you with all kinds of graphic production and display material.

We produce printed signs, walls and large hangings, in a range of different materials. Tell us your ideas and we'll make them a reality.

Do you need display material for an event outside of Elmia? Please contact us for a quote.

Wallpaper

Price: Varies depending on material, design and surface area.

Please compile a list of requirements and we'll be happy to give you a quote.

Wallpaper that creates a 3D feeling at the stand

Photo wallpaper with your choice of message

Patterned wallpaper

Text on walls, fascia and signs

Price: Varies depending on material, format and design. Please compile a list of requirements and we'll be happy to give you a quote.

Print on ALU wall

PRINT WALL ALU 0,5 M
Price SEK 1,215
Art no. 13 417

PRINT WALL ALU 1 M
Price SEK 1,365
Art no. 13 420

Different types of graphic production we can help with:

-  Signs and hangings
-  Foil text, letters and logos
-  Printed walls and wallpaper
-  3D letters and logos
-  Printed carpets
-  Printed lightboxes in different sizes
-  Plexiglass/walls
-  Ceiling signs and displays
-  Flat printing

Reinforce your message and build curiosity about your particular company.

Advertising spaces.

You can influence visitors in many ways, even beyond the confines of your stand. At Elmia there are several places where exhibitors can advertise and inform. They are strategically located to reach a lot of people and ensure a high observation rate.

There are more opportunities for advertising depending on the show and event, including LED screens. Please contact us for a proposal customised to your company.

Contact us to see what advertising spaces are available at your particular fair. To see more, please go to **elmia.se**.

Digital signs

At the ticket desk, on the concourse and outside the entrance.

Please compile a list of requirements and we'll be happy to give you a quote.

Fixed signs and hangings

In entrance doors, exhibition aisles/concourse, stairs, restroom doors, escalators and printed slip-mats

Web and app advertising

In the Elmia Guide app and at **elmia.se**

Logo on lanyard.

Product placement

Podiums in the lobby, vehicle at entrance handing out bags and lanyards

Lead activation

App with surveys and statistics. With lead management in Elmia Plus, you scan the barcode on visitors' name badges and instantly have complete customer data. Activating Lead Management in Elmia Plus costs SEK 1,495/exhibitor.

Services.

Do you need extra personnel during the fair? Or do you prefer to avoid cleaning and stand construction? We have the staff you need.

Cleaning **SEK 15/m² and day**

Art no. 10 492 – all fair days

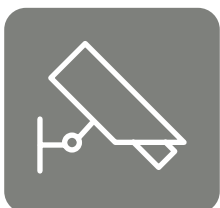

It's obviously important that your stand looks nice and fresh every day of the fair. We can clean your stand every evening after the fair has closed, leaving it fresh for you the next morning. You can also order cleaning in connection with stand construction.

Stand personnel

Please compile a list of requirements and we'll be happy to give you a quote.

A stand host or hostess can make your work at the fair so much easier. All of our host personnel are highly qualified and can provide e.g. interpretation services, demonstration of products and services, visitor registration and more. They can of course also help out with more basic tasks such as handing out sales material, refreshment service and so on.

Security services

Please compile a list of requirements and we'll be happy to give you a quote.

Do you need extra security at your stand? You may have valuable products that need protecting, for example. We can offer professional security services via Securitas.

Transport and storage.

Our Transport department can help you with goods handling. We can help with anything from forklift transport to empty packaging storage during the fair.

Delivery address

All goods to be sent to the fairground must be labelled as follows:

"Name of Fair"

Stand no., Company name

Contact person and phone no.

Mässvägen 12

SE-554 54 Jönköping, Sweden

Elmia AB cannot be held liable for items left unsupervised at stands. Elmia therefore recommends you have full insurance for trade fairs and exhibitions.

The following items are charged after the fair.

Freight delivery before the fair

Unloading takes place automatically on arrival at the fair site, as per the latest price list. If delivery is required before the moving-in date, please contact the Transport department.

Storage of empty packaging

Elmia AB can take care of and store empty packaging during the fair as per the latest price list. The packaging must show marking labels stating the company name and stand number. Marking labels are available at the information desk in Lobby North and Lobby South. After the fair, packaging will be delivered back to you once the aisle carpets have been removed.
